PROFESSIONAL SUMMARY

Software developer pursuing a B.S. in Computer Science with experience building a full-stack e-commerce application for a small business and independent web and desktop software. Skilled in JavaScript, Python, React, REST APIs, authentication, and relational and NoSQL databases. Completed a 420-hour Software Engineering Immersive.

TECHNICAL SKILLS

Languages: JavaScript, Python, Java, SQL, HTML, CSS

Frameworks: React, Next.js, Node.js, Express, Django, FastAPI, Jinja

Databases & Tools: PostgreSQL, MongoDB, SQLite, REST APIs, Git, GitHub, Vercel, Render, PyInstaller

CLIENT DEVELOPMENT PROJECT

Independent Developer - ODJ Group E-Commerce | Client project | 2026-Present

- Built a full-stack e-commerce application using Python, FastAPI, Jinja, JavaScript, and SQLite, featuring customer authentication, product search, shopping cart, and demo checkout.
- Created an admin dashboard for managing products, images, pricing, and draft/hidden/live statuses; added order-flow improvements and basic analytics.
- Tested shopping and administration workflows with the business owner; deployment and live payment integration remain pending.

SELECTED SOFTWARE PROJECTS

SignalProof | Python, JavaScript, SQLite, PyInstaller

- Developed a macOS network-monitoring application with connectivity checks, manual speed tests, incident history, and SQLite storage; packaged a release candidate.

Movie Mania | React, Node.js, Express, MongoDB

- Built and deployed a full-stack movie discovery app with OMDb API integration, account authentication, and search functionality.

ADDITIONAL PROFESSIONAL EXPERIENCE

DeCA Commissary | Store Worker | 2021-2023 — Supported daily operations, inventory workflows, and customer service.

OSL Retail Services | Telecommunications Team Lead | 2020-2021 — Trained a six-person team and resolved technical product questions.

EDUCATION & TRAINING

B.S., Computer Science | University of Maryland Global Campus | Expected 2027

Associate of Arts, General Studies

Software Engineering Immersive | General Assembly | 2023 (420 hours)
